Die-Cut Striping

These die cut stripes are a perfect compliment for today's bolder vehicle designs. Made from 2 mil cast vinyl, they are as durable and easy to install as a standard double stripe. **BREAK STRIPE**

and **Z-TECH** create greater visual impact than standard stripes yet are subtle enough to be installed on virtually any vehicle. Install **BARBED WIRE** in straight lines or curves to create striping with

attitude. The more aggressive **2" TUNER TAPE** creates a dramatic effect on sport compacts, trucks and SUVs. **Each kit contains two mirror-image stripes (driver/passenger).**
